

## WEBSITE PRIVACY POLICY

### Legal information

The drawings, images and information included are our exclusive property. Reproduction, even partial, is prohibited. The data provided is indicative and is not binding. The products and information presented may be subject to change at any time and without notice.

### Banner

On our site we use first-party and third-party cookies. Via the banner it is possible to decide which cookies to consent to. Consent can be withdrawn or modified at any time using the button at the bottom of the screen. Clicking on "Accept all" will allow you to browse the platform, providing consent to all cookies used.

### Privacy policy on browsing the website and on the use of cookies

Alberto Sassi S.p.A. has great respect for Users' privacy. Any data that may be communicated by the User to Alberto Sassi through the Website will be processed with the utmost care and with all appropriate tools to ensure security, in full compliance with the Italian legislation in force to protect confidentiality. Any personal data provided by the User during use of the website will be processed by the Controller Alberto Sassi S.p.A., with registered office in via G. Rossa 1, Loc. Crespellano - Valsamoggia (BO), Italy, with mainly automated tools, in compliance with the provisions of EU Regulation 2016/679 (GDPR), in relation to the various services and activities available on the website.

Before uploading or providing personal data on the Website, please read carefully the following policies regarding the protection of personal data.

### Cookies

Cookies are small text files created on your computer by the websites you visit. Like many websites, we also use cookies to improve and customise your experience and to keep track of usage and trends.

Cookies are not harmful, but since they are able to include personal and identifiable information, some people may object to their use because of online privacy.

We use cookies for two main reasons:

- **Performance**

Cookies allow us to receive information about how visitors use our website and how the website responds in terms of performance. For example, we may use analysis tools to keep track of which pages are most visited, or how long it takes visitors to find the information they are looking for. We generally use this information to help us improve our website and to provide you with a better experience.

- **Function**

These cookies allow us to provide you with information based on the choices you make while browsing, such as remembering your preferences when you return to visit our website. Without cookies, your experience on our website could not be so customised.

Many browsers allow you to control cookies in their settings. Some online services, such as Google Analytics, allow you to define settings on how cookies are used on different websites.

## WEBSITE PRIVACY POLICY

We use two types of cookies on our site:

- **First-party (technical) cookies**

These are cookies used for the correct functioning of the site (making it easy for users to browse, managing the session of an authenticated user, etc.). Their duration is related to a single session (temporary or session cookies). As these cookies are necessary for a correct and secure use of the site, and as they are not used for other purposes, consent from the visitor is not required.

- **First-party and/or third-party cookies (improved experience)**

These tracking tools allow us to improve the quality of your user experience and allow interaction with external platforms, networks and content. Their use is not mandatory for correct operation of the site. Not providing consent to the use of this kind of cookies could render some elements non-functional. Their duration is related to a single session (temporary or session cookies). For the correct operation of these kinds of cookies from third parties, visitors are asked to give their consent via a banner which is displayed when the site loads.

- **Third-party (analytics) cookies**

These cookies, similar to technical cookies, are configured by a website other than our own, and are used to collect aggregate information about how our site is used by visitors for statistical purposes. In particular, our site shares browsing data and the user's IP with Shinystat Analytics. The retention times for this data are established by the third party. For the use of these third-party cookies, visitors are asked to give their consent, in a banner which is displayed when the site loads.

To view the complete policy of Shinystat Analytics, click here:

[https://www.sassi.it/privacy/EN/Sevendata%20-%20Cookie%20Policy\\_Aggiornata\\_2023\\_EN.pdf](https://www.sassi.it/privacy/EN/Sevendata%20-%20Cookie%20Policy_Aggiornata_2023_EN.pdf)

To access the complete third-party cookies policy, view our cookie policy:

<https://www.iubenda.com/privacy-policy/32303842/cookie-policy>

Our website does not use cookies to profile visitors in order to send advertising messages aligned with preferences shown while browsing (profiling cookies).

Instructions to limit or block cookies on main browsers are given below:

### Apple Safari IOS

You can modify Safari's settings so that Safari will always accept or block cookies and other website data.

1. In the Safari app  on your Mac, choose Safari > Settings, then click Privacy.
2. Deselect "Block all cookies".

Websites, third parties and sponsors can store cookies and other data on your Mac.

### Edge

Here is how you can disable cookies in Microsoft Edge.

1. Open Edge and click on the **three horizontal dots** in the top right corner of the browser window. Then click **Settings**.

## WEBSITE PRIVACY POLICY

2. Click on **Cookies and site permissions**, then on **Manage and delete cookies and site data**.
3. To disable all cookies in Edge, keep the option **Allow sites to save and read cookie data (recommended)** disabled. To disable only third-party cookies, enable the option **Block third-party cookies**.

You are now browsing in Edge without using cookies.

To re-enable cookies, restore the previous settings as shown on the preceding screen.

### Firefox

To set Firefox to block cookies of all websites:

1. Click on the menu icon  and select Settings.
2. Select the Privacy & Security tab.
3. In the Enhanced Tracking Protection section, select **Custom** and check the **Cookies** box.
4. Use the drop-down menu to choose which types of cookies to block. **N.B.:** if you choose to block all cookies, some websites will not work correctly.
5. Close the *about:preferences* page. Any changes made will be saved automatically.

### Google Chrome

You can allow or block all cookies by default. You can also allow cookies for a specific website, but block third-party cookies in adverts or images on that web page.

1. Open Chrome .
2. Click the menu icon at the top right  > Settings .
3. In the "Privacy and security" tab, click on **Cookies and other site data**.
4. Select an option:
  - **Allow all cookies.**
  - **Block all cookies (not recommended).**
  - **Block third-party cookies in Incognito.**
  - **Block third-party cookies.**
    - If you block third-party cookies, all cookies and data from other websites will be blocked, even if the site is allowed in the exceptions list.

Policy pursuant to and for the purposes of EU Regulation 2016/679 (GDPR) on the protection of personal data for contact persons at customers or suppliers or for customers or suppliers established as sole proprietorships
